Snapshot

This week in KGIB, students are enhancing their fine motor skills by engaging in activities focused on writing out letters and practicing correct letter formation. Way to go KGIB!

What we're learning

Literacy

Students will explore the letters **K** and **H** and their role in forming words. Our little learners will discover how these versatile letters can shape sounds and words, bringing language to life. Get ready for a week filled with fun and learning as we master these important phonetic skills!

Math

Students will explore the number 9, learn basic addition within 1-10, review shapes, and understand the concepts of fast and slow through various interactive activities.

UOI

Students will be making decorations for National Day and engaging in various activities celebrating Kuwait, such as dancing, coloring flags, and more. Get ready for a week filled with cultural exploration and festive fun!
